

ULURU-KATA TJUTA NATIONAL PARK

3-DAY ITINERARY

Three days is just enough time to quickly explore Uluru-Kata Tjuta National Park by air and ground if you're short on time.

Day 1

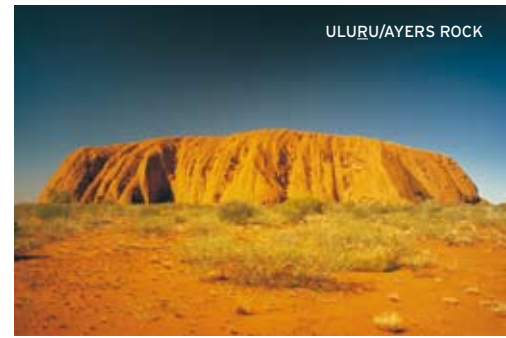

Arrive in Yulara and settle in to your accommodation. Explore the Uluru-Kata Tjuta Cultural Centre and learn about this World Heritage-listed national park. Jump in a helicopter or light aircraft for a scenic flight over the desert plain to Uluru and Kata Tjuta. Aerial views are the only way to fully appreciate the enormity of these natural icons that dominate the landscape. End the day experiencing the changing colours of Uluru at Sunset.

Day 2

Join the Anangu traditional landowners on a morning walking tour around the base of Uluru. Learn about flora and fauna, bush foods and the cultural significance of the area. Enjoy the spectacular acclaimed Sounds of Silence gourmet dinner under a clear night sky.

Day 3

Hop on the back of a Harley Davidson and cruise to Kata Tjuta. This massive collection of 36 rock domes dates back 500 million years. If you're feeling more energetic, take the Valley of the Winds Walk through the domes. Allow around three to four hours to fully appreciate the natural landscape.
